RE: Response to Request for Additional Information
July Quarterly Report (05/01/2014-06/30/2014)

Dear Mr. Culberson:

In researching the possibility of duplicate 48 hour notices on 05/05/2014, my reporting software allowed me to print a report that shows I did indeed attempt 2 filings that day, however, one of them listed as FAILURE and one SUCCESS. I have enclosed a printout of that report for your review.

In making sure we have no system failures in the future, I did a further review with my software vendor. We discovered that I filed a subsequent 48 hour report on 05/06/2014 which seems to have included the some contributions received and reported on the 05/05/2014 report. Duplicated contributions reported on both 05/05 and 05/06 are listed below:

ARCH PAC - \$1000
CORBETT, CHARLES A. - \$1000
ENTERGY - \$1000
MERCK EMPLOYEES PAC - \$1000

The items listed above were duplicated in our 48 hour reportings, therefore our July Quarterly FEC Report was correct.

I apologize for the inconvenience. Please let me know if this response does not adequately meet the standard for additional information as we discussed by phone on 09/30/2014. Thank you for your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Laura LaRue".
